

COMMERCIAL CLUB TO LEAD BOOSTING

Board of Governors Will Take Initiative in Celebration of Utah Development Day

STATE-WIDE MOVEMENT
Big Mass Meeting Will Be
Held April 25; Commit-
tee Appointed

As a result of yesterday's meeting of the board of governors of the Commercial club, that organization will take the initiative in providing the feature of the celebration that will take place in this city April 25, in

A letter from the Utah Development league, signed by Charles R. Mabey, J. W. McHenry and John D. Giles, was read to the board, setting forth the purposes of the state-wide celebration reciting what preparations had been made and asking the club, through the board of governors, to take the

The board agreed to stand vigorously behind the move and voted individually to support the plan to hold one of the biggest mass meetings of its kind on record here during the evening of April 25. F. S. Murphy, E. D. Woodruff and Joy H. Johnson were appointed as a sub-committee to arrange for the meeting and will cooperate with the league in that respect. The meeting will probably be held at one of the local theaters.

Schools Will Aid.

Exercises will be held at every school in the state on April 25, and the program carried out will all be of such nature as to assist with respect to resources, advantages and possibilities of Utah. The development league will send out speakers to every city in the state, and many other features will be arranged at the different cities. A special effort will be made to reach the smaller communities.

The board adopted the report of the mining committee, including a resolution passed by that body against the intention of the government to discontinue the lead assay office and other aid offered in the west. The secretary was instructed to forward notice

of the club's action and a copy of the resolution to the Utah delegation at Washington, D. C.

Upon the suggestion of Secretary Joseph E. Caine, it was unanimously decided to raise \$5000 as a convention fund for the entertaining of delegates to the smaller conventions here this year, and of delegates who pass through this city en route to conventions to be held on the coast. The club itself will not be required to raise a large fund for the National Irrigation con-

gress and the Transmississippi Commercial congress, as the counties of the state have pledged the necessary amount. W. F. Jensen, the Rev. P. A. Simpkin and W. R. Wallace were appointed to raise the fund, which will be expended under the direction of the board of governors.

Park Roads Not for Autos.

A letter was read by Secretary Cain from Senator George Sutherland, with regard to the move now on in up

port of admitting automobiles to Yellowstone park. Senator Sutherland said that he had no objection, so long as it was possible this year, as the secretary of the interior had informed him, to make an entire rearrangement of the park roads, which could not be accomplished until the next year. He advised that the matter be taken up for successful results next year and offered his services.

President W. W. Armstrong submitted the names of the governing committee of the public bureau, officers and committee members, which were confirmed. D. S. Spencer and W. R. Wallace were added to the membership of the governing committee. E. O. Howard was chosen chairman of the executive committee in place of President Armstrong.

place was added to the membership of the finance committee.

"GEORGIA KID" TOLD TO LEAVE THE CITY

The "Georgia Kid," who bears the reputation of being the cleverest pick-pocket in America, was arrested on general principles by Detectives George Cleveland and Bert Seager yesterday afternoon. He was held just long enough to absorb a first-grade lesson in the Utah vagrancy law and then he was re-

The "Georgia Kid" is known to the police of every city of consequence from coast to coast. His other name is George F. Cohan. He told the police that he had not turned a trick since arriving in town and was only looking the city over with an eye to its beauty rather than to the pocketbooks of its citizens.

**MISS JENNIE SANDS
WILL SING MONDAY**

Miss Jennie Sands, who will make her

first bow to a home audience next Monday night at the Salt Lake theater, will undoubtedly receive a warm welcome from Salt Lake music-lovers, as she is one of the best trained singers of the state.

Miss Sands appeared with success in a number of recitals while abroad and also on her return to Boston, where she sang before the critics in that city. From everyone she received the highest praise for her remarkable musicianship and the lovely quality of tone which she produces. This, combined with the wide range and a fine understanding of the music, made her a pleasure with a pleat-

stage presence, insures for her a high place among the leading singers of the state.

SECRETARY TINGEY IS RECOVERING RAPIDLY

H. L. Cummings, deputy secretary of state, yesterday received a letter from his chief, Secretary of State C. S. Tinge, in which he is pro-

ging, in which the case was progressing favorably after a slight operation in Los Angeles a few days ago. Mr. Tinkey went to Los Angeles two weeks ago for a rest after a busy winter. Mr. Tinkey has been annoyed for some time by an affection which required surgical treatment and he underwent an operation at the Good Samaritan hospital in Los Angeles. Mr. Tinkey says he expects to be home within a couple of weeks.
